What is the AIS group of Companies?

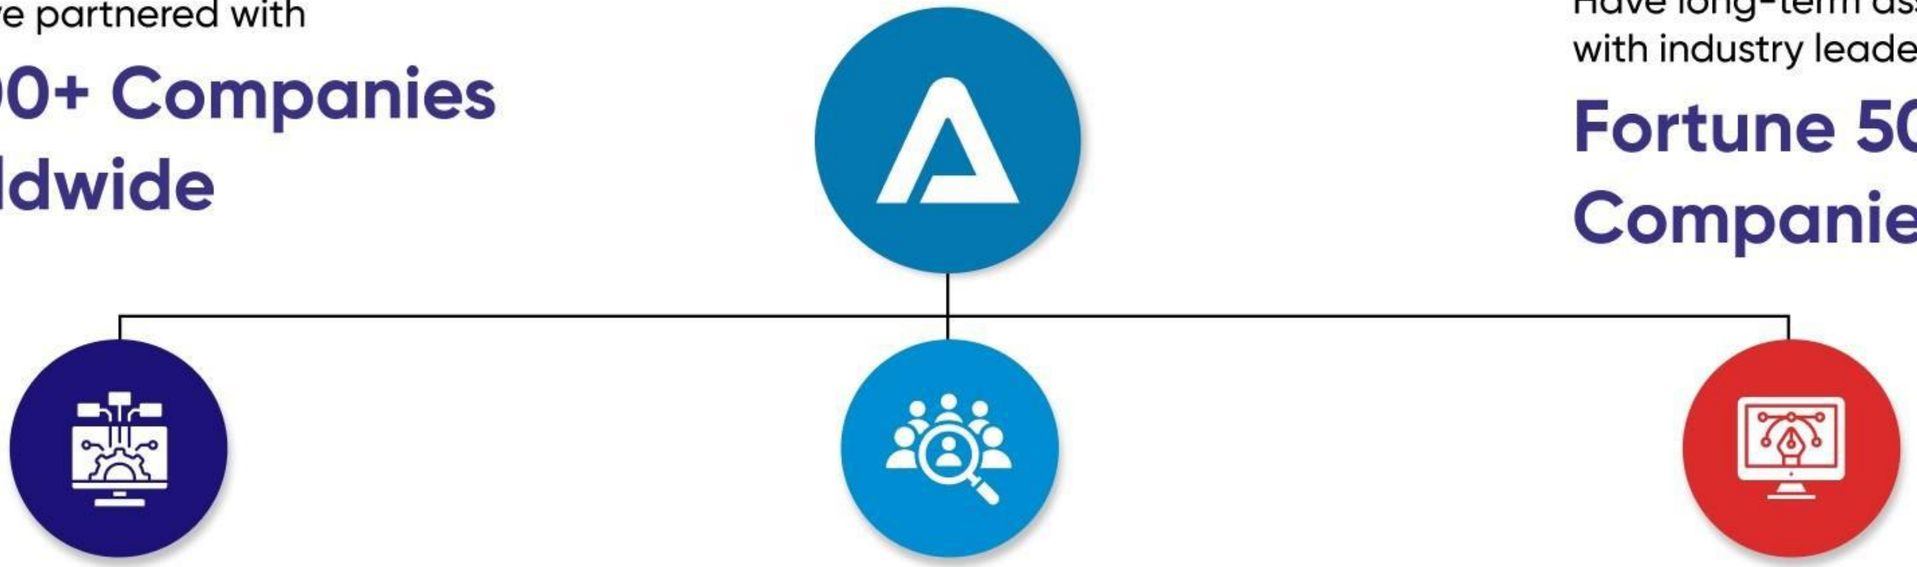

AIS Group Venture offers integrated solutions for organizations worldwide. We are a one-stop business and tech solutions company that provides a range of solutions to make businesses more agile, responsive, scalable, and successful.

We have partnered with

9,000+ Companies worldwide

Have long-term associations with industry leaders &

Fortune 500 Companies.

AIS TECHNOLABS

We have a global technology solutions entity fulfilling the diverse white label, custom, and cross-platform web, mobile, and desktop software development needs across industry sectors.

ALLIANCE RECRUITMENT AGENCY

Our talent solutions arm is a global recruitment company fulfilling talent sourcing, staffing, RPO, and executive search services to meet enterprise-wide short-term and long-term manpower needs. Through a global network of industry-expert recruiters and head-hunters, we offer complete talent acquisition services.

AIS INNOVATE

We have a global design studio with specialized teams for branding, advertising, marketing, UX, UI, and artistic designs. Our design solutions cover a wide spectrum of needs in print and digital design, empowering businesses and organizations to improve their brand image and customer acquisition strengths.
